Art Unit: 2816

1. Claim 1 is objected to because of the following informalities: a period is needed at the end of the claim.

Appropriate correction is required.

2. Claims 1 and 5-8 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-8 of U.S. Patent No. 6,710,628 and also U.S. Patent No. 6,492,844. Although the conflicting claims are not identical, they are not patentably distinct from each other because the claims of the present application are fully anticipated by the claims of the two patents.
